DETAILED ACTION

1. Receipt of the Request for Continued Examination (RCE0 filed 10/28/2009 is acknowledged.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-10, 12-19 rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential structural cooperative relationships of elements, such omission amounting to a gap between the necessary structural connections. See MPEP § 2172.01. The omitted structural cooperative relationships are:

Re claims 1, 8: and 14: What is the structure(s) used for the steps of determining, locating, combining and receiving steps?

Re claims 2 and 15: What is the structure that is used for validating information and assembling a second application page?

Re claim 3 and 16: What is the structure that is used for forwarding the information input to a decision module?

Re claim 4 and 17: What are the structure(s) that are used for the determining and accessing steps?

Re claim 6 and 19: What are the structure(s) that are used for the forwarding steps?

Art Unit: 3696

4. Claim 12 recites the limitation "the application" in the claim. There is insufficient antecedent basis for this limitation in the claim. (also see claim 12 depends from canceled claim 11).

Allowable Subject Matter

5. Claims 1-10, 12-19 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
